Replies in English, Monday to Saturday, 09:00–18:00 China time (GMT+8).

Indicative information only. Prices, MOQ, lead times and specifications are superseded by the written quotation and specification sheet issued for each order; values are confirmed per batch before shipment. No certificate, permit or test report is claimed until the document exists for that batch. Product images are illustrative; colour and grain vary by batch. Incense is sold as a combustible aromatic product for scent and atmosphere only — nothing on this sheet describes a medical, therapeutic, spiritual or fortune-related effect. Burn on a heat-proof holder in a ventilated room, away from children, pets and anything flammable, and never leave it unattended.
